2. Scope of application of the license

to the Schaeffler-pricelist. The delivery is concluded after the data storage device with the current version of the software is shipped.

4. Backup copy

You are authorized to create a reasonable number of backup copies of the licensed software solely for data-backup and archival purposes, provided that during copying all existing labeling, licensing data, brand names and copyright notices remain complete and unchanged and that unauthorized access to the licensed software by third parties is prevented.

5. Breaches of duty

In the event that the software or the data medium is rendered partially or completely unusable due to defects, we will, according to our choice and at our fair discretion, eliminate the defects at no charge through supplementary delivery or repair (together hereinafter called "supplementary performance").

You shall allow us reasonable time and opportunity to carry out the supplementary performance which we deem necessary according to our fair discretion. In the event that supplementary performance is not possible for us, we will refund to you the purchase price.

Your further legal rights apply in accordance with the following conditions:

We shall be liable solely in the following cases:

- (1) Willful breach of duty
- (2) Grossly negligent breach of duty by our legal representatives and performing agents
- (3) Culpable injury to life, body and health
- (4) Malicious concealment of defects or guarantee for the state of an article of sale
- (5) Culpable breach of substantial contractual obligations (meaning obligations, which make the contract possible in itself and the fulfilment can be trusted in) - limited, however, in the event of gross negligence on the part of non-management employees or of slight negligence, to the reasonably foreseeable damage typical of the contract. In the case of a culpable breach of substantial contractual obligations through slight negligence the liability shall be limited to a sum of 10 000 Euro.
- (6) Insofar as product liability law provides for liability for personal damage or material damage to privately-used items.

Otherwise, we shall be exempt from liability.

We must be notified of defects promptly after they have been ascertained.

You bear the burden of proof to demonstrate that the prerequisites for the claims you have made due to breach of duty have been fulfilled. This also applies to culpability on our part.

Claims for defects expire 12 months after delivery of the article of sale insofar as provisions of the law do not demand a longer limitation period.
